

## TECHNICAL DATA

### VELCRO

Velcro for isospace style panels for wall or ceiling installation.

### FRAME

Aluminium frame for panels wall installation. Isospace style in rectangular size standard. Supplied already assembled on the panel, including its hooks. Thickness 45 mm approximately, section approximately 18 mm.

This item is available in satin silver and matt black.

### BAFFLE SUSPENSION SYSTEM KIT

Suspension system for isospace style panels baffle installation (This system allows to place panels vertically).

Each kit comprises:

- n. 2 galvanized steel cables , that are 1.5 mm diameter, 1m length, with loop;
- n. 2 style hooks;
- n. 2 clamp.

The kit comes mounted on the panel. One kit is required for each panel. Ceiling brackets are not provided.

### ISLANDS SUSPENSION SYSTEM KIT

Suspension system for isospace style panels islands installation (This system allows to place panels horizontally).

Each kit comprises:

- n. 1 galvanized steel cables , that are 1.5 mm diameter, 1m length, with loop;
- n. 1 steel hook;
- n. 1 cable nut.

The kit does not come installed on the panel. The number of kits for a panel depends on panel size. (Refers to Quaderno Tecnico 7). Ceiling brackets are not provided.

### SPIRAL HOOK

Steel spiral hook for island installation process of isospace style.

### CEILING BRAKES

Ceiling mount cable for baffle or island installations. Tensioning screw is not supplied, it should be chosen according to the type of ceiling.
